This firm was awarded the contract for installing the electric system in the government buildings at Victoria. Edmonton will be made the headquarters of the company for the Territories.

THE PROTEST.

It is unfortunate that the hockey match of Monday night should have ended so unsatisfactorily. It is regretted by Mr. Hourston, the donor of the shield, by the committee of management of the Edmonton skating rink, who put up the set of medals, by the hockey teams of both towns and by the general public. Mr. Hourston waives all responsibility in the decision and would like to see the matter settled by the officials of the game. However, if this should fail, he suggests that the most feasible settlement would be to have the game replayed.

Mr. Hourston received the following letter in connection with the protest:

Edmonton, Feb. 10, '03.
Thos. Hourston, Esq., Edmonton.

Dear Sir, I have been directed by the president and committee of the Edmonton Hockey Club to enter a protest against the game played February evening, the 9th, for shield awarded to the Strathcona club.

The deciding goal was given Strathcona by the goal umpire, but the puck did not cross the net, and was left before you, affidavits from six reputable citizens, who were standing behind the goal, and who were in a position to notice all shots on that goal, stating positively that no goal was scored.

I am yours truly,

H. J. HELLIWELL,
Secretary Edmonton Hockey Club.

In the matter of the disputed goal in the final game for the Hourston shield and for the medals, the following gentlemen, James Pollard, Ed. Leiby, Gilles Pelletier, Chas. Mac, Jos. Charbonneau, Michael Gowda, have made the following declaration on oath:

I, _____, of the town of Edmonton, make oath and say:

(1) That I was present at the final game for the Hourston shield and for the medals, played at the Thistle rink on the evening of Feb. 9th, 1903.

(2) That I was at the time of the disputed goal, standing behind the Edmonton goal.

(3) That I saw the puck shot at the goal.

(4) That I saw the puck hit the outside of the left hand goal post and glance off into the northeast corner of the rink.

(5) That the puck never passed through the goal posts, nor did it hit the net at all on this occasion.

(6) That the decision given by the goal umpire was wrong.

The above declaration was sworn before Geo. T. Bragg, commissioner, etc., at the town of Edmonton, on the 10th day of February, 1903.

Just as we go to press the following letter was handed us for publication:

Edmonton, Feb. 11, '03.

H. J. HELLIWELL, Esq., See. Hockey Club, Edmonton.

Dear Sir: Your letter accompanied by the several affidavits re hockey, received, and in reply beg to state that in my opinion the referee and umpire are the proper parties to decide this matter as they have full charge of the teams while on the ice. Failing in this, however, I would suggest for the future harmony of the rinks that the final match be played again.

Yours very truly,

THOS. HOURSTON,
Hon. Pres., Edmonton Hockey Club.

THE PUBLIC HEALTH.

The amendments to the health by-law recently passed by the town council have been urgently needed for a long time. It is to be hoped that hereafter there will be no dispute as to responsibility between the various medical practitioners and the health officer nor any laxity in taking action to place infectious cases in quarantine. Fortunately the town is fairly free of infectious diseases at the present time. But it is not altogether so. With disease present, as it is, it is most necessary that every means should be taken to prevent its spread. To be quarantined is certainly a serious misfortune for any family, more serious possibly than the disease itself. But the public safety demands that it shall be done. Better that one family should suffer than that a dozen or a hundred should. Edmonton has been more fortunate than many other towns in the Territories in the matter of epidemics, but we cannot depend that this will always be the case. At present there is an outbreak of scarlet fever of a severe type in Battleford, and Prince Albert, and there has been a like outbreak in Calgary. The way to prevent such an outbreak in Edmonton is to take prompt and strong measures. The council proposes printing the recent amendments to the by-law for distribution. It would probably be better to print the whole by-law as amended, as very few citizens know what its requirements are. The amendments leave the question of penalties for infraction in doubt. The penalty is the important part of any law or by-law. And when the law is laid down the penalty should be stated. With the large increase of population in Edmonton and the epidemics in existence elsewhere, no better investment could be made than the printing of a few hundred copies of the health by-law in full, for free distribution amongst the citizens backed up by rigid enforcement.

THE C. & E. IS NOW THE C.P.R.

It is authoritatively reported from London that the C. P. R. has acquired 99 per cent. of the Calgary & Edmonton railway. The only other company that Alberta would rather have seen owning the C. & E. would have been the Great Northern. This would have ensured the competition of three and possibly four great railway systems at this point. Had the Great Northern acquired the road the greatest railway system in the States would have touched the Saskatchewan valley at this point. The Canadian Pacific would have been compelled to build their Saskatchewan extension. The Canadian Northern line would certainly be built, kept by that company then by the Grand Trunk, and possibly even probably both the Canadian Northern and Grand Trunk, might have been built. Now that the C. P. R. owns the C. & E. the Great Northern is practically barred out of this northern country for the present, and possibly the C. P. R. may decide not to push their Saskatchewan extension, leaving the northern field to be fought for between the Canadian Northern and Grand Trunk Pacific. On the other hand the practical ownership of the C. & E. by the C. P. R. ensures that the road will be put in better shape than it has yet been and generally that a stronger effort will be made to develop traffic along the line by improving the service. It is only fair to say, however, that since the daily express has been put on the service has been most satisfactory, barring the period of washouts in the two past summers. Considering that the C. & E. was only leased by the C. P. R. the service, during more recent years has been very good and the result to the country in the increase of travel and traffic has been entirely satisfactory.

BOARD OF TRADE.

The special general meeting of the Edmonton board of trade was held in the new Gariepy Hall at 10:30 a. m. Monday. Those present were: K. W. MacKenzie, president; C. Gallagher, J. A. McDougall, J. H. Gariepy, W. Richardson, C. W. Strathay, J. H. Richard, F. F. Tims, secretary.

It was moved by J. A. McDougall, seconded by W. Richardson that motion passed on 27th Feb. 1902, re raising membership fee to \$10 be rescinded and that said fee stand for 1903 at \$5. Carried.

It was moved by J. H. Gariepy, seconded by C. W. Strathay, that the annual general meeting of the board of trade be held on Friday, 27th inst., in the town hall at 10:30 a. m. Carried.

It was moved by J. H. Gariepy, seconded by J. A. McDougall, that the board of trade have a banquet on night of 27th inst. Carried.

It was moved by J. A. McDougall, seconded by C. W. Strathay that a committee of five be left all arrangements for the proposed banquet and that the following compose said committee, viz: President, MacKenzie, F. F. Tims, J. B. Morris, J. H. Morris, and W. Richardson. Carried.

The secretary was instructed to write authorities re Edmonton having no ticket office as yet.

The secretary and Frank Oliver, M. P., were appointed a committee to draft a letter to the proper authorities, pointing out the advantages of the Rev. Mr. Barr's colony for Port Pitt striding from Edmonton by the river. In this way the Edmonton outfitting houses would derive the benefit of the settlement's trade.

PORT SASKATCHEWAN.

Property has been selling freely for some time. Most of the townsite company's lots have been disposed of.

Several meetings have lately been held in connection with the establishing of a newspaper at the Port. A canvasser is now being sent out to canvass, and it is hoped that a sufficient number of shares will be subscribed for so that in the course of a few weeks the paper may be in circulation.

A gentleman from Calgary has been interesting Englishmen here with a view to forming a S. O. E. society.

BEAVER LAKE EAST.

Rev. J. Edward Hogg, of Wetaskiwin, gave his friends here a surprise visit this week. Mr. Hogg was Presbyterian missionary here from Sept. '98 to April, '99, and his services were much appreciated. We were very glad to see him again, and hope that his next visit will be a longer one.

John D. McAllister was re-elected owner of local improvement district No. 46, at the annual meeting on Jan. 31st. There was no opposition.

Hugh McKay, of Turner Lake district, paid us a brief visit lately. He found things considerably changed since his last visit ten years ago.

Right, Wilson has taken a claim in the district and is getting out timber for a house.

It may be late to report that we have a weekly mail now. It arrived as a New Year's gift, and we are glad of it. It was like the train into Edmonton, however, so long in coming that we didn't burrah much over it, and we don't feel particularly grateful to the postmaster general for it. Feb. 6, '03.

SWINE, DAIRY AND POULTRY ASSOCIATION.

A public meeting is to be held at Puffer's Hall, Lacombe, on Wednesday the 4th of March, next at 2 o'clock p. m., to consider the advisability of forming Territorial Swine Breeders, Poultry and Dairy Associations, to which every person interested is cordially invited. Mr. P. Talbot, M. L. A., vice-president of the Puredbred Cattle Breeders' Association will preside.

The pork, poultry and dairy industries are gradually coming to the front in the Territories and particularly in Northern Alberta, and it is felt that the time has come for organization on the same basis as the Live Stock Associations. Lacombe, being centrally located in the district most interested in those branches of agriculture, has been selected for the first meeting.

Gazette, Feb. 6.

There is a rumor, that owing to the difficulty or impossibility of keeping the Crow's Nest Ry. roadbed down, the company propose to divert their line from Brockle several miles further north. We trust that they will find it necessary to do so, and that some other means of overcoming the difficulty will be hit upon.

In consequence of the tremendous snowfall, British Columbia papers are snowed out, unprecedented floods and greivous disasters along the Crow's Nest Ry. with the advent of warm weather.

"Tak yer Wall o' the Cream."

"Dinna let yer modesty wrang ya."
